

The Herald has received the bill introduced by Parrish providing for the establishment of a dry-land farm in Harney county. The bill calls for only \$100 for the maintenance of the station but Senator have are this receipt of the people of Oregon as to the appropriation. When the bill is passed, it will be a great benefit to the people of Harney county. The bill should not be a hindrance to the people of Harney county. The bill should be a great benefit to the people of Harney county. The bill should be a great benefit to the people of Harney county.

Oregon! Therefore it should not be expected to remain in its present state. Its magnitude demands attention and its immediate development means much to the state of Oregon. A dry land experiment farm established here would bring results—big results—and would serve a territory perhaps twice as large as that now in use. Why ask it to "put up" locally for that which is of universal benefit? Why expect it to accomplish results with a penny contribution? Its importance demands material and practical assistance.

The proposition to lease the public grazing land offers a good opportunity to the Burns Commercial Club to act. This is of much importance to the unsettled sections of the west and if properly placed before congress such a bill would not receive much consideration. We do not want this great interior forever placed in the hands of stock kings—we want people; we want the soil to produce and this will bring transportation.

This session of the legislature will from the present indications break all records in the way of raising salaries of county officers and in the creation of new offices. Many of these bills to raise salaries are based on some merit but the bulk of them should be quashed by the governor's veto. —Blue Mt. Eagle.

#### STOCK KINGS WANT IT ALL.

A press dispatch from Los Angeles says: The American National Livestock association listened today to a series of addresses upon a variety of important subjects in connection with the industry, and adjourned tonight, awaiting the report of the committee on resolutions which will be made to the convention at 10 o'clock tomorrow. The entire two days' session have been in complete harmony, but it is expected that the question of the adoption of the resolutions will bring a contest on the subject of indorsing federal control of the public domain. Former State Senator Ammons of Colorado, a prominent member of the Colorado Cattle & Horse Growers' association, is leading the fight against the indorsement of the government land policy. Tonight he appeared before the committee on resolutions and argued at length, submitting a series of resolutions upon the subject of public lands.

It is expected that the resolutions committee will vote down, probably by a unanimous vote, all resolutions opposing federal control. The contest will probably then be shifted to the floor of the convention tomorrow. The Colorado Cattle & Horse Growers' association stands partially, if not entirely, in its attitude. Several livestock associations in Colorado, which were members of the association, withdrew from it and became independent members of the American National Livestock association because of the present contest, prior to this convention.

The executive committee made its report today to the association and its recommendations will constitute the principal part of the report of the committee on resolutions. Their recommendations include an endorsement of the Fulton bill empowering the interstate commerce commission to suspend a railroad traffic rate until its reasonableness can be determined; indorses the Culbertson-Smith transportation bill providing for better railroad service; approves of the Curtis-Scott bill providing federal control of grazing lands with leasing and rental privileges; favors the retention of the protective tariff on livestock, wool and hides; and a reciprocity argument with foreign nations extending the markets of livestock and meat products to those countries; favors liberal appropriations by congress to enable the bureau of animal industry to continue the war on fever ticks, the passage of a law in the states providing appropriations for payment by the state for condemned animals.

Pineules for the kidneys are little golden globules which act directly on the kidneys. A trial will convince you of quick results for Backache, Rheumatism, Lumbago and tired wornout feeling. 30 days' trial \$1.00. They purify the blood. Sold by The Welcome Pharmacy, Burns, Ore., Fred Haines, Harney, Ore.

The New Windsor Bar, under the management of Lee Caldwell, is one of the most popular resorts in Eastern Oregon. Drop in when you have a thirst.

#### THE COMMERCIAL CLUB.

Although our Commercial Club meets once each week it is never without subjects of particular importance to discuss and each meeting is full of interest. The meeting last Tuesday evening was well attended and five new names were added to the membership roll.

The consolidation of the Athletic Club with the Commercial Club was ratified and the property of the former club together with the lease on the building were turned over. C. W. Ellis, A. O. Faulkner and P. T. Randall are the athletic committee under the present arrangements. Wm. Farré, Judge Miller and C. W. Ellis, the committee formerly appointed to draft resolutions in answer to the query of the Irrigation Congress as to how that organization could best help this section, reported. Their report appears on the first page of this issue.

A committee, of which C. A. Sweek was chairman, reported having drafted a bill for the establishment of a dry-land farm in this section, providing for an appropriation of \$15,000. Frank Davey, C. A. Sweek and Dr. L. E. Hibbard were appointed to forward such argument in favor of its establishment to our legislature.

There seemed to be a determination upon the part of the club to urge our cause most vigorously in this matter and not be satisfied with half a loaf.

The next regular meeting of the club will be held next Tuesday evening.

#### RESOLUTIONS OF RESPECT

Hall of Sylvia Rebekah Lodge No. 43, Burns, Jan. 27, 1903. Whereas, It has pleased Almighty Providence to remove from our midst our worthy and respected sister, Amy Byrd, and Whereas, In her sad demise this lodge is deprived of an esteemed, earnest, upright and worthy member, whose long years of service and devotion to the order have endeared her to the hearts of all Rebekahs; therefore, by it

Resolved, That Sylvia Rebekah lodge hereby expresses its sincere regret at her taking away and extends to those near and dear to her our sincere and heartfelt sympathy.

pathy in their bereavement.

Resolved, that a copy of these resolutions be spread upon the minutes of this lodge, that a copy be sent to the family of our deceased sister and a copy be sent to each of the home papers for publication, and the charter of the lodge be draped in mourning for thirty days.

Fraternaly submitted,  
P. G. SMITH,  
LIZZIE DALTON,  
FLORA HAGEY.

#### ATHLETES, TAKE NOTICE!

The athletes of Harney county will be pleased to learn that a good old time field meet will be held at Narrows in the near future. The program for the day will include 100, 220 and 440 yard dashes, shot put, broad jump, high jump, hurdle races, etc., and will probably include two days.

A base ball game on the first day and two on the second between the best teams in the valley. There will be a dance each evening.

A small entrance fee will probably be charged and a small admission.

The main event will be the 220 yard dash between Chas. R. Pierce and J. M. Henney. Mr. Pierce has made a reputation in Colorado and Utah and has never been beaten; is in good form at all time.

J. M. Henney has established his reputation in British Columbia and Alberta and also Colorado being the only person Mr. Pierce has not been able to beat they having tied twice and could not match another race.

We would suggest that Burns prepare for these sports (all around) and furnish one ball team.

We would like to see every district in Harney county represented and every person present as the expense will be heavy and it means a season of sport.

J. F. Mahon came in from his Anderson Valley home yesterday.

Credit for the law placing a tax upon sheep grazing in this state and belonging to non-residents should be given to Attorney George Hayes of Vale. Mr. Hayes drafted the first statute dealing with this matter and when the measure was declared unconstitutional he drafted the existing law, seeking to evade the provisions which resulted in the invalidity of the original act. Mr. Hayes' law was enacted by the state legislature two years ago.—Ontario Argus.

#### FOR COW BOYS ONLY.

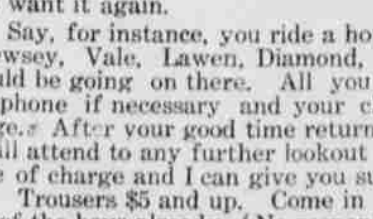

I wish to explain in a few lines in this paper how you may always be well dressed, shoes, hats, etc. Come in and talk the matter over with me—you can leave your suit at my place as long as you want to. Leave your overalls here when you want your dress-suit, go to the dance and have a good time. When the party is over come in and change again and your suit may remain here until you want it again.

Say, for instance, you ride a horse after cows close to Harney, Drewsey, Vale, Lawen, Diamond, Narrows, etc., and something would be going on there. All you need to do is send a postal or telephone if necessary and your clothes leave Burns by the next stage. After your good time return it to me in the same manner. I will attend to any further look out for it. Boys, I will do this all free of charge and I can give you suits and overcoats from \$17 and up. Trousers \$5 and up. Come in and let's talk about it. I have six of the boys already. No responsibility in case of fire.

#### STAG SULKY PLOW

The Stag is one of the latest and best additions to the famous Deere Line of Riding Plows. Is light in weight, simple and durable in construction—full of genuine merit, and has shown its mettle and utility in every test it has been put to. It has amply demonstrated by its good work its right to be classed as a strictly up-to-date, high-class farm tool. It is certain to suit the most critical farmer and be a money-maker and a labor-saver for him.

#### "If It's a Deere--It's Right"

and does its work perfect ease to the operator and team. It is manufactured and sold as a tongueless plow—a tongue not being necessary to best results, but one is supplied at slight cost to those who prefer it that way. The Stag is the simplest riding plow built,—anyone who can hook up a team and drive 'em straight can operate it successfully. It possesses many superior features not found on other plows, and it takes a whole book to illustrate and describe them. Better write for it today and all the information you want about this superior implement.
